Careers with a future – for women

Technology needs you. Get involved.

Renewable energy technician

Use less energy and use it better!

The energy transition is an increasingly important issue that is crucial for current and future generations!

Renewable energy technicians play an important role in the ecological transition.

If you work in this field, you have the opportunity to contribute to a more sustainable future and a healthier environment for everyone!

Sun, wood, heat pumps, wind power: there are numerous alternatives to oil and gas. Thanks to their knowledge of the systems, renewable energy technicians propose various technologies and advise customers according to their project.

An Erasmus+ Projekt

By BBS Osterholz-Scharmbeck; by Höheren Technischen Bundeslehranstalt Steyr; by Lycée polyvalent et UFA Émile Mathis, Schiltigheim
